CHANCELLOR'S DISTINGUISHED RESEARCH AWARD
2014 Guidelines

The Award

The Chancellor's Distinguished Research Award annually recognizes outstanding scholarly accomplishments of members of the University of Pittsburgh's faculty. Up to five awardees are chosen in two categories:

Senior Scholar Awardees include faculty members who have compiled a substantial and continuing record of outstanding research and scholarly activity. Nominees in this category must have achieved preeminence in their field and be so recognized in letters of support from national and international leaders in the field. Except in unusual circumstances, referees cannot be friends or colleagues of the nominees.

Junior Scholar Awardees include faculty members who, by virtue of the exceptional quality of their early contributions, have demonstrated great potential as scholars and have achieved some international standing. Candidates for this award must have received their highest degree no more than 12 years before the time of nomination.

Each Chancellor's Distinguished Research Award will consist of a cash prize to the faculty member of \$2,000 and a grant of \$3,000 to support the faculty member's teaching and research. All persons selected for this award will be honored publicly.
