

Lactation Room Locations 7/12/12

The following list has been compiled to assist mothers in finding a convenient location to express breast milk on the University of Pittsburgh Oakland campus. Please review the instructions provided for each location to determine how to use or schedule the room. You will note that some locations are open only to faculty, staff and students of a particular School or Department. If your building is not listed, contact your department administrator to inquire about room availability. Other rooms may be available within University units. **Once you determine which location will best meet your needs, contact the person who coordinates the use of the room (listed in the chart below), to notify him/her of your intentions to access the room.** If you have additional questions, or would like to add a location to this list, please contact the Office of Affirmative Action, Diversity and Inclusion at 412-648-7860.
