- From 1996-2010 the number of full tenured women professors has increased by 7% to 21% in the Provost Area Schools, by 7% to 20% in the Schools of the Health Sciences, by 7% to 21% at the Pittsburgh campus, and by 8% to 29% at the regional campuses.

The Provost’s Office continues to monitor appointments of women to higher administration and faculty leadership positions:

- Patricia Beeson, who has served as Professor of Economics and as Vice Provost of Graduate and Undergraduate Studies at Pitt, was elected Provost by the University’s Board of Trustees in July 2010.

Work Life Balance

The Council of Deans has approved the Graduate Student Parental Accommodation Guidelines which were developed to help new parents transition into being both parents and graduate students. (These are skills that they will need as faculty members.) The guidelines apply to full-time students enrolled in graduate programs (including PhD, DrPH, EdD, MS, and MA programs) who are in good academic standing, who are making satisfactory progress toward completion of a graduate degree, and who have completed at least one full-time semester of their degree program. These guidelines do not cover students enrolled in professional programs; however, these guidelines do apply to students who are enrolled in graduate programs in the professional schools. The guidelines cover the situation of students who experience a child birth, who adopt a child who is unable to be enrolled in full-day public school due to age or other developmental reasons, or who is a partner of someone who has experienced a child birth or an adoption for whom the student has parental responsibilities. Eligible graduate students who experience the health consequences of pregnancy will be excused from their regular duties for a period of time to be determined by a health care provider not to exceed the student’s appointment period. All other eligible students will be granted a Parental Accommodation period of six weeks. This is not a leave of absence. It is instead a modification of deadlines and academic expectations and responsibilities to accommodate the student’s new parental responsibilities.

The Provost’s Office staff continues to assist faculty and school administrators in using the FMFL policy fairly and appropriately. A Faculty Medical and Family Leave Frequently Asked Questions page is available online at http://www.provost.pitt.edu/faculty-affairs/fmfl-faq.html.

Life Solutions, the Faculty and Staff Assistance Program, is a confidential service to assist University of Pittsburgh faculty, staff, and members of their households with day-to-day matters at home and work. Experienced professional counselors provide support, consultation, and information. Resources available include child care and elder care.

Human Resources has established the Dual Career Assistance Program in order to offer support and resources to help spouses or partners explore employment options at the University of Pittsburgh, as well as provide resources for obtaining employment in the greater Pittsburgh area.
Additionally, several Deans have collaborated to offer academic appointments for couples new to Pitt.

**Preventing Sexual Harassment and Discrimination**

Efforts to maintain awareness on campus continue, including:
- requiring all faculty, TAs, TFs, and staff members to complete the Preventing Sexual Harassment Internet Course;
- distributing the brochure on Harassment and Nondiscrimination Policies to faculty in all areas and staff in the Provost’s areas.

**Safety**

Computing Services and Systems Development continues to add content to Pitt Mobile, which provides access to essential Pitt information and services on web-enabled mobile devices. The emergency information page includes one-click access to campus police, sexual assault services, SafeRider, medical services and other emergency phone numbers. New this year is the availability to access shuttle bus schedules and route maps, and RouteShout provides transit riders with the next bus times by smartphone applications. The url is [http://m.pitt.edu](http://m.pitt.edu). Additionally, the FaceBook page “Pitt Shuttles” provides real-time updates of shuttle schedule, including delays and weather concerns.

The University continued to provide support for the PAT/Pitt agreement extending the free bus zone to the entire county.

The Provost’s Office and others continued the financial support and distribution of Emergency Contact cards.
