

Flex@Pitt Operations Under In-person Modality*

Full Cohort in Classroom

Most classes will employ a “classroom experience” that can accommodate all participants for each meeting.

Rotated Cohort in Classroom

Some classes will have students alternate between an in-person and remote experience with the aim of allowing each student to participate in a “classroom experience” at least one day per week.

All Students Remote

Very large classes will be fully remote, but most often offer “classroom experiences” for recitation meetings.

*In the Elevated and Guarded Risk postures, in-person instruction is permitted under certain guidelines. Please check with your instructor.
