

At its meeting on October 17-20, 2019 the Commission on Accreditation (CoA) conducted a review of the psychology internship program at the University of Pittsburgh. This review included consideration of the program's most recent self-study report, the preliminary review ("admin review"), the program's response to preliminary review, a substantive change submitted through the CoA Portal on February 27, 2019, the report of the team that visited the program on July 18-19, 2019, and the program's response to the site visit report.

I am pleased to inform you that the CoA voted to reaffirm accreditation of the program, with its next site visit scheduled to be held in **2029**. This decision is based on the CoA's professional judgement that the program has demonstrated that it adheres to the *Standards of Accreditation in Health Service Psychology* (SoA). The current record indicates that a full review of the program is warranted within 10 years of the last site visit, including interim reporting, to ensure continued adherence to the Standards. The program will be listed among accredited programs in
